Motion

Beauty

Success

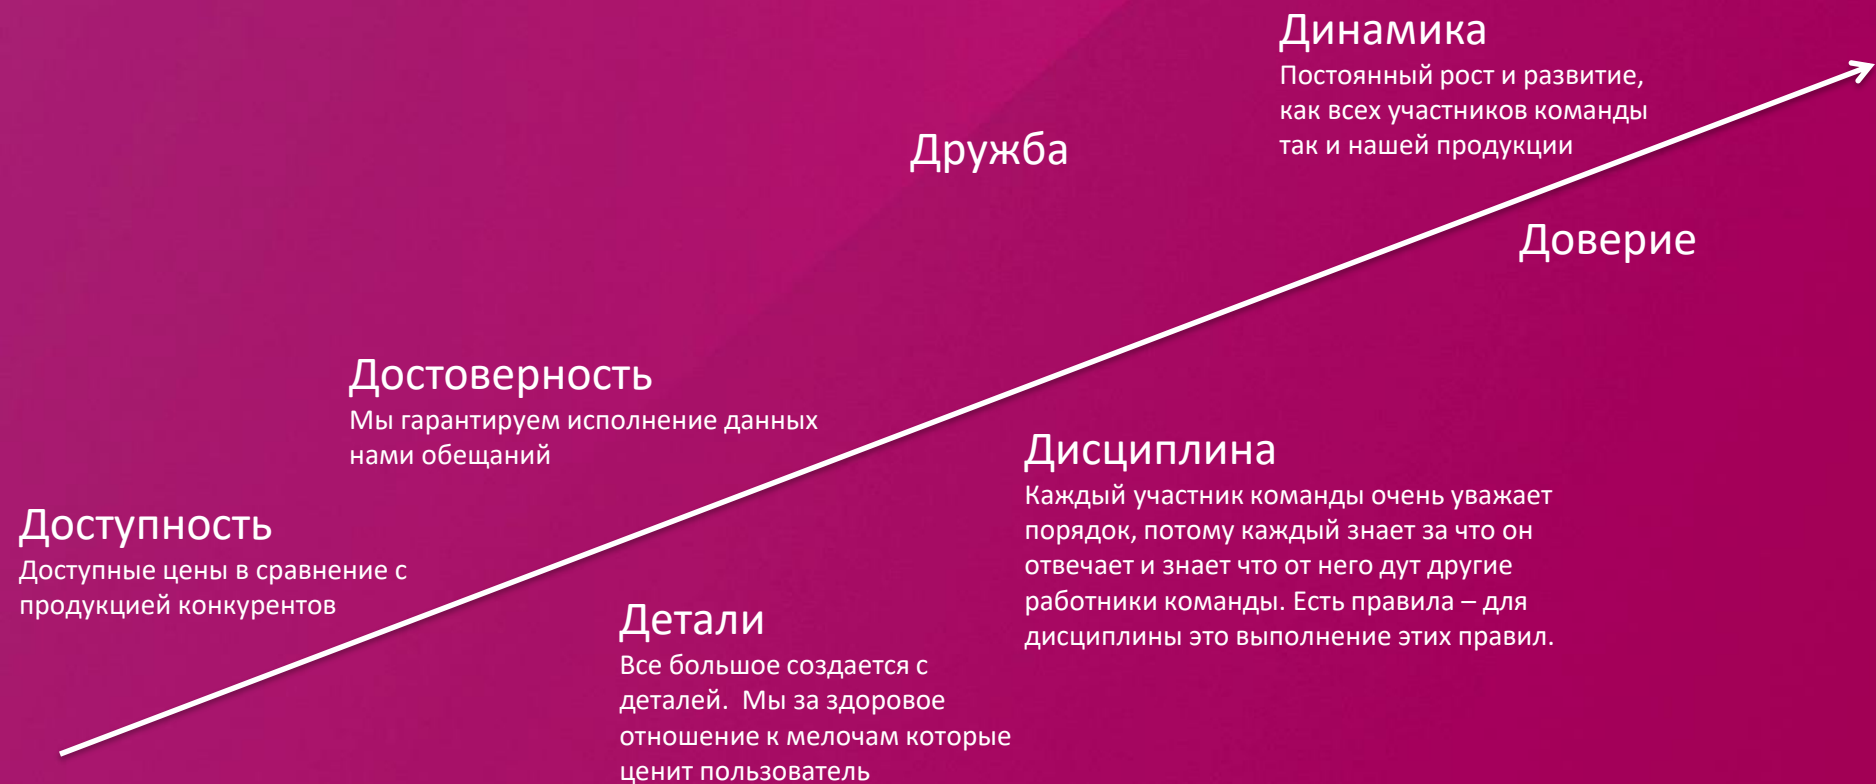

DISTINA

MEETING BEAUTY

Strategy

A full set of aids in the basis of which unique formulas are laid, original raw materials, produced in high-tech factories.

Accents of the company:

DISTINA

MEETING BEAUTY

Beauty

Creating products, first of all we think about a woman. Woman - an inexhaustible vessel of inspiration for creativity. Its beauty, in itself, both in general, and in every element of it, action ... look. There is a goal and we definitely know for whom and how we move and work

Efficiency

We know how important it is for a woman to be feminine and beautiful, therefore creating cosmetics, we focus on her effectiveness. For this purpose, our specialists develop clever formulas and, thanks to innovative equipment, we receive products that comply with the promises we made

Care

We are able to listen and match women's desires and needs, like no other, to women's desires and needs

Motion

To ensure that our products are in your house - it overcomes a long and important way. To do this, our company invests all the energy even at the stage of forming the very idea of the product and during its production, strictly following each process. The vital flow is important to us - as an indicator and engine of the life of us and our work.

Success

Each of us, is working on creating our own unique success story. Our success is to offer products on the market that will help realize the dream of beauty and harmony with the world around us and with ourselves.
Our success is your success, in choosing the products that will become your favorite.

KAYAN
PROFESSIONAL

My professional haircare

KAYAN is professional cosmetics adapted to home use. Their formulation was developed in the famous laboratory BESSE in Spain and, in preparation, the same products as for a beauty salon are used .

KAYAN offers 4 care directions: for thin, dry, damaged and dyed hair. In every range you will find optimal ingredients for needs of your hair. The main thing that KAYAN gives you is the formula, prepared specially for everyday use. Every component works at its task effectively and together they provide a wonderful result. That's why all KAYAN ranges suit home use perfectly well.
