Underwear and clothes to wear at home for pregnant and nursing women by Mamin Dom™ are an excellent choice and helper for every mom, since we both carefully develop the cut of our goods, and pay particular attention to selection of fabrics for them.

For manufacturing purposes, Mamin Dom™ uses accessories produced by reliable and **well-tested manufacturers** (from Turkey, Germany, EU) and **high-quality fabrics**, for instance:

- cotton;
- microfiber;
- elastic lace.

COTTON

MICROFIBER

POLYAMIDE

POLYESTER

MODAL

BAMBOO

The basic fabric used is **cotton cloth**. This is a natural fabric which is perfect for making high-quality underwear for pregnant and nursing women.

To extend cotton product service life, **elastane fibers** (polyamide or polyester) which warrant particular elasticity, high durability of the product and maintain its required shape and fit are incorporated in the cloth. These products get dry quickly and require no particular care.

Our range of products:

- Underwear for pregnant and lactating women (bras, panties)
- Belt-corsets (antenatal and postnatal)
- Panti-tights and legging for pregnant women
- Home clothes for sleep and rest
- Inserts in the bra
- Baby clothes

Nursing Wear

With its specific style, every model of Mamin Dom™ nursing wear maintains optimal fit and breast support. Our bras do not constrict breasts during nursing and allow your milk to come out freely. This warrants maximum comfort in wearing and causes no harm to your health.

- Easy-to-open are fitted with clasps which can readily be opened with a single hand movement.
- Decoration with French laces adds peculiar beauty, romance and delicacy to some Mamin Dom™ bras.
- You can easily match every bra with panties to perfectly suit the design of your choice.
